Parents & Grandparents invited

SEPTEMBER 9, 2022

Bring your chairs or blankets and enjoy a sweet treat with your loved one!

STS FRONT LAWN FROM 1:30PM-2:30PM

STS Wellness: Social Awareness

It's Not Just Joking Around, the anti-bullying message from speaker Jodee Blanco, was shared with all STS community on Monday.

Learners: Knowing the difference between tattling and telling. Knowing that bullying is not just the act of doing something mean but failing to do something nice.

Teachers: How to observe and respond to bullying at school. How to 'triage' the recipient and provide compassionate discipline for the offender.

Families: How to listen to your children and set up boundaries for compassionate discipline.

"It's Not Just Joking Around" resources will be shared with parents as soon as we receive them. Thank you to all who attended our parent night.

STS Wellness: Preventing Illness

When any adult or learner tests positive for COVID, they will carry out their quarantine AND wear a mask for 5 days following quarantine (per CDC guidelines).

Thank you for doing your part to keep everyone safe!

We are continuing to send learners home with any symptom of illness. If your learner suffers seasonal allergies with symptoms such as running nose, itchy eyes, etc. you can provide the school with a doctor's note stating the allergy and symptoms. Otherwise, we must assume that symptoms are a possible illness.

Please continue to check School Speak for updated news and event information!
